

NHC,

I'm writing this letter to inform you of my past and current relationship with Trademark Contractors. We began working with them early in 2010. Since then we have built a very successful working relationship. They have completed projects for us ranging from commercial shopping center reroof to business buildings such as Fed-Ex Kinkos roofing projects. We have found that the crews are very efficient and the price per project is always competitive with the current industry. These projects always run smooth due to the excellent communication lines within the company. All of our deadlines have been met. We believe that they are the definition of a great contractor. We look forward to our future projects with Trademark Contractors and we would recommend their work to anyone seeking professionalism within the industry. If you have any further questions regarding the caliber of work Trademark Contractors has performed please contact me on my direct line listed.
